Waystone Management Company (IE) Limited is authorised in Ireland and regulated by the Central Bank of Ireland.

For more information on this product, please refer to <https://www.guinnessgi.com> or call +44 20 7222 5703.

This document was produced on 3 June 2026.

What is this product?

Type:

This product is an investment fund domiciled in Ireland and is an open-ended investment company and qualifies as an undertaking for collective investment in transferable securities ("UCITS").

Term:

The Fund does not have a fixed term of existence or maturity period but in certain circumstances, as described in the Prospectus, the Fund may be unilaterally terminated following written notice to investors subject to compliance with the Prospectus and applicable regulation. Subject to the liquidation, dissolution and termination rights of the Board of the Company as set forth in the Prospectus, the Fund cannot be automatically terminated.

Objectives:

The investment objective of the Fund is to provide investors with long-term capital appreciation.

The Fund invests in the shares of a range of companies based in, or with significant business activities in China. The Fund directly invests at least 80% of its net assets in equity securities (China A Shares) of Mainland China-listed companies with a market capitalization typically in excess of US\$500 million at the time of initial investment. The Fund invests in the shares of a range of companies based in, or with significant business activities in China. The equity or equity related securities in which the Fund may invest include common stocks, preferred stocks, securities convertible into common stocks, rights and warrants.

The Fund will not invest in Russia/Russian securities. Environmental, social and governance (ESG) criteria are one of the components of the Investment Manager's decision making process. The Fund promotes environmental and/or social characteristics as defined under Article 8 of

the Sustainable Finance Disclosure Regulation (SFDR).

The Fund is actively managed with reference to MSCI China A Onshore Net Total Return Index ("the Benchmark"), which is broadly representative of the companies in which it may invest. However, the Fund is actively managed and the Benchmark is not used to define the portfolio composition of the Fund and the Fund may be wholly invested in securities which are not constituents of the Benchmark. Under normal market conditions the Fund intends to invest in at least 20 stocks.

Derivatives (a contract the value of which depends on the value of one or more underlying assets) may be used to manage the risk profile of the fund, reduce cost or generate additional capital or income. Currency hedging arrangements may be used to reduce the risk of currency movements in the value of overseas investments held by the fund.

You may sell your investment on any working day in Ireland, the UK and Hong Kong.

Any income the Fund receives will be reinvested to grow the value of your investment.

The depositary of the Fund is Brown Brothers Harriman Trustee Services (Ireland) Limited ("the Depositary").

Intended retail investor:

Investment in the Fund is suitable only for those persons and institutions for whom such investment does not represent a complete investment program, who understand the degree of risk involved (as detailed under the section of the Prospectus and Supplement headed "Risk Factors"), can tolerate a medium level of volatility and believe that the investment is suitable based upon investment objective and finance needs. Investment in the Fund should be viewed as medium to long term.

What are the risks and what could I get in return?

Risk Indicator

The risk indicator assumes you keep the product for 5 years. The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 5 out of 7, which is a medium-high risk class. This rates the potential losses from future performance at a medium-high level, and poor market conditions will likely impact the ability for you to receive a positive return on your investment.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depends on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Other key material risks not captured by the risk indicator that could potentially impact the Fund are disclosed in the Prospectus.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the product itself, but do not take into account your personal tax situation and may not include all the costs that you pay to your advisor or distributor, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations of what you might get back using the worst, average, and best performance of the product / a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

Recommended Holding Period: 5 years			
Investment: GBP 10,000			
Scenarios			
	Minimum: There is no minimum guaranteed return if you exit before 5 years. You could lose some or all of your investment.	If you exit after 1 year	If you exit after 5 years (recommended holding period)
Stress	What you might get back after costs	2,530 GBP	2,000 GBP
	Average return each year	-74.74%	-27.54%
Unfavourable	What you might get back after costs	6,120 GBP	7,490 GBP
	Average return each year	-38.83%	-5.61%
Moderate	What you might get back after costs	10,310 GBP	11,490 GBP
	Average return each year	3.14%	2.82%
Favourable	What you might get back after costs	13,980 GBP	17,410 GBP
	Average return each year	39.77%	11.73%

Unfavourable: This type of scenario occurred for an investment between July 2020 and July 2025.

Moderate: This type of scenario occurred for an investment between September 2017 and September 2022.

Favourable: This type of scenario occurred for an investment between February 2016 and February 2021.

What happens if the Manager is unable to pay out?

The Manager is responsible for administration and management of the Company and does not typically hold assets of the Fund (assets that can be held by depositary are, in line with applicable regulations, held with a depositary in its custody network). The Manager and the Investment Manager have no obligation to pay out since the Fund's design does not contemplate any such payment being made. However, investors may suffer loss if the Company or the depositary is unable to pay out. There is no public or private investor compensation scheme that can compensate for any losses due to the insolvency of the Company, the Manager and the Investment Manager.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed, in the first year you would get back the amount that you invested (0 % annual return). For the other holding period, we have assumed the fund performs as shown in the moderate scenario.

Investment: GBP 10,000	If you exit after 1 year	If you exit after 5 years (recommended holding period)
Total costs	45 GBP	253 GBP
Annual cost impact (*)	0.5%	0.5%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 3.3% before costs and 2.8% after costs.

Composition of Costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	The impact of the costs you pay when entering your investment. We do not charge an entry fee for this investment, but the person selling you the product may do so.	0 GBP
Exit costs	The impact of the costs you pay when exiting your investment. We do not charge an exit fee for this investment, but the person selling you the product may do so.	0 GBP
Ongoing costs taken each year		If you exit after 1 year
Management fees and other administrative or operating costs	0.35% is incurred each year in managing your investments including those incurred by any underlying investments.	35 GBP
Transaction costs	0.10% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	10 GBP
Incidental costs taken under specific conditions		If you exit after 1 year
Performance fees	There is no performance fee for this product.	0 GBP

How long should I hold it and can I take money out early?

Recommended holding period: 5 years

The recommended holding period is 5 years for investments made into this Fund. If you sell your shares before the end of the recommended holding period you may increase the risk of receiving back less than you invested.

How can I complain?

Complaints may be referred to the Complaints Department, Waystone Management Company (IE) Limited, 35 Shelbourne Road, Ballsbridge, Dublin, D04 A4E0, Ireland, via the website www.waystone.com or alternatively by email to complianceeurope@waystone.com. A copy of our complaint guide is available on request.

Once we have considered your complaint, you may have the right to refer the matter to the Central Bank of Ireland ("CBI"). Should you wish to refer a complaint or contact the CBI, you may do so at: Central Bank of Ireland, New Wapping Street, North Wall Quay, Dublin 1, D01 F7X3, Ireland or by telephone to +353 1 224 6000.

Other relevant information

Alongside this document, please read the Prospectus. Copies of the Prospectus, the latest annual and semi-annual reports, as well as the latest published prices of the shares in the Fund and other information, including how to buy and sell shares are available from the administrator or the website below.

You may switch your shares to the shares of another sub-fund of the Company. Please refer to the Prospectus for full details.

Guinness Asset Management Funds plc is an umbrella Fund with segregated liability between sub-funds. This means that the holdings of the Fund are maintained separately under Irish law from the holdings of other sub-funds of Guinness Asset Management Funds plc and your investment in the Fund should not be affected by any claims against another sub-fund of Guinness Asset Management Funds plc.

The above information and details of the past performance of the Fund and the previous performance scenario calculations can be found on the website <https://www.guinnessgi.com/literature#tab-corporate-documents>. The past performance chart shows the share class's performance as the percentage loss or gain per year over the last 10 years (or since the launch date of the share class if less than 10 years).
