What is this product?

Type:
This product is a UCITS Fund.

Term:
This is an Open Ended Fund.

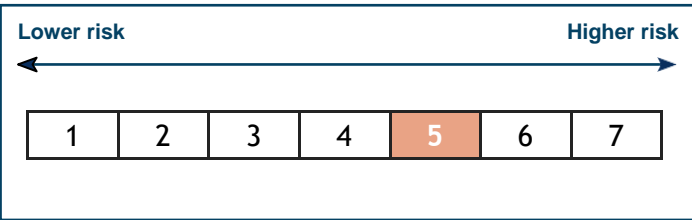

Objectives:
The Fund’s investment objective is to generate long term capital growth by investing in high quality companies that are traded on regulated markets in the People’s Republic of China, Hong Kong and Taiwan (“Greater China”). In order to achieve its investment objective, the Fund will invest primarily in shares of companies that are located in Greater China. The Investment Manager will focus on companies that are expected to benefit from the growth and transformation of the economy of China into a more consumption-driven and service-oriented market economy. The Investment Manager will seek to invest in megatrends arising from such transformation including but not limited to technology innovation, clean environment, and middle-class-led consumption boom.

Intended retail investor:
This product is intended for investors who are prepared to take on a relatively high level of risk of loss to their original capital in order to get a higher potential return, and who plan to stay invested for at least 5 years. It is designed to form part of a portfolio of investments.
Investors can subscribe and redeem on a daily basis in accordance with the terms of the supplement.

Depository:
The funds' assets are held through its depository, CACEIS Ireland Limited, 4th Floor, One George's Quay Plaza, George's Quay, Dublin 2, Ireland. www.caceis.com.

What are the risks and what could I get in return?

Risk Indicator

The risk indicator assumes you keep the product for 5 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 5 out of 7, which is a medium-high risk class. The risk category shown is not guaranteed and may change over time. The lowest category does not mean a risk-free investment. This Fund is in risk category 5 due to the historic performance of a fund with a similar investment policy. This rates the potential losses from future performance at a medium level and poor market conditions could impact the value of your investment.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

For other risks materially relevant to the product which are not taken into account in the summary risk indicator, please read the product’s Annual Report or Prospectus available at www.araviscapital.com.

This product does not include any protection from future market performance so you could lose some or all of your investment.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor / and includes the costs of your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of FountainCap Greater China Select UCITS or a suitable proxy or benchmark over the last 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances. The Fund is actively managed in reference to MSCI China All Shares Net Total Return Index. Performance of the Fund is measured against the Benchmark for comparative purposes only. The Benchmark is intended solely for the purposes of calculating any Performance Fee; meaning that while the Fund measures performance against the benchmark, it does not target any particular level of outperformance of the Benchmark as an objective. Securities selection is not constrained by the Benchmark.

What happens if Carne Global Fund Managers (Ireland) limited is unable to pay out?

The assets and liabilities of the Sub-fund are segregated from those of the other sub-funds and from those of the Manufacturer or the Depositary. If the UCITS is not able to pay you out what is due, you may lose your entire investment. No investor guarantee nor compensation scheme is foreseen in that eventuality.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed, in the first year you would get back the amount that you invested (0 % annual return). For the other holding period, we have assumed the fund performs as shown in the moderate scenario and the investment is EUR 10,000.

Investment: EUR 10,000	If you exit after 1 year	If you exit after 5 years
Total costs	219 EUR	1,886 EUR
Annual cost impact (*)	2.2%	2.3%

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 16.2% before costs and 13.9% after costs.

How long should I hold it and can I take money out early?

Recommended holding period: 5 years

The Fund is designed to be held over the medium term and we recommend that you hold this investment for at least 5 years. You can request to take out some or all of your money at any time. You can typically request to buy or sell shares in the sub-fund on any business day (as set out in the Fund's prospectus). If you cash in at an early stage this will increase the risk of lower investment returns or a loss.

How can I complain?
