The Commission du Surveillance du Secteur Financier (CSSF) is responsible for supervising Carne Global Fund Managers (Luxembourg) S.A. in relation to this Key Information Document. This PRIIP is authorised in Luxembourg.

Carne Global Fund Managers (Luxembourg) S.A. is authorised in Luxembourg and regulated by the CSSF. Carne Global Fund Managers (Luxembourg) S.A. forms part of the Carne Group for legal, administrative and/or marketing purposes.

This document was produced on 4 August 2023.

What is this product?

Type:

This product is a share class of China Dividend Fund (the "**Sub-Fund**"), a sub-fund of Matthews Asia Funds (the "**Fund**"). The Fund is an undertaking for collective investment in transferable securities organised as a public limited company and qualifying as an investment company with variable capital with multiple sub-funds. The performance of this product will depend on the performance of the portfolio of investments of the Sub-Fund, as further described in the section "Objectives" of this document.

Term:

This product has no maturity date. It can be terminated by the board of directors of the Fund and liquidated in the cases set out in the prospectus and the articles of association of the Fund. The PRIIP Manufacturer cannot terminate the Fund, the Sub-Fund or this share class unilaterally.

Objectives:

This product seeks to achieve total return with an emphasis on providing current income by investing primarily (i.e., at least 65% of its net assets) in income-paying publicly traded common stocks, preferred stocks, convertible debt and equity securities of any maturity and in those that are unrated, or would be below investment grade if rated, and other equity-related instruments (including, for example, investment trusts and other financial instruments) of companies located in, or with substantial ties to, China. The Sub-Fund may also invest in convertible fixed-income securities. The Fund may invest less than 70% of its net assets in aggregate in China A and B shares. The Sub-Fund will primarily invest in companies that exhibit attractive dividend yields and the propensity to pay dividends.

The Sub-Fund may also hold cash equivalents to achieve its investment objective, for treasury purposes and in case of unfavourable market conditions. The Sub-Fund may use financial derivatives for hedging purposes.

The Sub-Fund's reference benchmark index is the MSCI China Index and is indicated for performance comparison only. The Sub-Fund is actively managed by Matthews International Capital Management, LLC (the "Investment

Manager") and does not aim to replicate or track the reference benchmark.

Consequently, the Investment Manager of the Sub-Fund may freely select the securities in which it invests, and the Sub-Fund's portfolio composition and performance may deviate materially from the benchmark.

Taking into account the medium to long-term holding period, the performance of the Sub-Fund depends on the performance of its investments over time. A positive performance of the investments of the Sub-Fund will lead to a positive performance of the Sub-Fund. Equally, a negative performance of the investments of the Sub-Fund will cause a negative performance of the Sub-Fund.

Brown Brothers Harriman (Luxembourg) S.C.A. has been appointed as the depositary of the Fund (the "**Depositary**").

Further information, such as copies of the Fund's prospectus, semi-annual and annual reports can be obtained, in English and free of charge, by contacting matthewsasiasfunds@bbh.com. Such prospectus and reports are prepared at the level of the Fund as a whole.

Additional practical information, such as the most recent prices of the shares, can be obtained from global.matthewsasiasfunds.com.

The assets and liabilities of the Sub-Fund are segregated from the other sub-funds of the Fund by law. However, the assets and liabilities of the shares are not segregated from the assets and liabilities of the other classes of shares of the Sub-Fund.

You are able to convert the shares you hold into shares of another class of shares in the Sub-Fund or in another sub-fund of the Fund. You can find further information about how to exercise that right in section 5 "Conversion of Shares" of the Fund's prospectus.

You are able to request the redemption of some or all of your shares on any business day (as set out in the Fund's prospectus).

Dividends are reinvested.

Intended retail investor:

This product is intended for experienced investors who are prepared to take on a relatively high level of risk of loss to their original capital in order to get a higher potential return, and who plan to stay invested for at least 5 years. It is designed to form part of a portfolio of investments.

What are the risks and what could I get in return?

Risk Indicator

The risk indicator assumes you keep the product for 5 years.

The actual risk can vary significantly if you cash in at an early stage and you may get back less.

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 5 out of 7, which is a medium-high risk class. This rates the potential losses from future performance at a medium-high level, and poor market conditions will likely impact our capacity to pay you.

Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

For other risks materially relevant to the product which are not taken into account in the summary risk indicator, please read the product's Prospectus available at global.matthewsasiasfunds.com.

This product does not include any protection from future market performance so you could lose some or all of your investment. If we are not able to pay you what is owed, you could lose your entire investment.

Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.

The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product, supplemented with the performance of an appropriate benchmark or proxy over the last 10 years. Markets could develop very differently in the future.

The stress scenario shows what you might get back in extreme market circumstances.

Recommended Holding Period: 5 years			
Example Investment: USD 10,000			
Scenarios Minimum: You could lose some or all of your investment		If you exit after 1 year	If you exit after 5 years (recommended holding period)
Stress	What you might get back after costs Average return each year	3,230 USD -67.75%	2,450 USD -24.51%
Unfavourable¹	What you might get back after costs Average return each year	6,180 USD -38.23%	7,650 USD -5.21%
Moderate²	What you might get back after costs Average return each year	10,650 USD 6.52%	16,070 USD 9.96%
Favourable³	What you might get back after costs Average return each year	14,430 USD 44.31%	21,670 USD 16.73%

¹ This type of scenario occurred for an investment between June 2021 and March 2023.

² This type of scenario occurred for an investment between July 2015 and July 2020.

³ This type of scenario occurred for an investment between January 2016 and January 2021.

What happens if Carne Global Fund Managers (Luxembourg) S.A. is unable to pay out?

Carne Global Fund Managers (Luxembourg) S.A. has no obligation to pay out since the product design does not contemplate any such payment being made. You may face a financial loss should the Fund or the Depositary default on their obligations.

There is no compensation or guarantee scheme in place which may offset, all or any of, this loss.

What are the costs?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed, in the first year you would get back the amount that you invested (0 % annual return). For the other holding period, we have assumed the product performs as shown in the moderate scenario and the investment is USD 10,000.

Investment: USD 10,000	If you exit after 1 year	If you exit after 5 years
Total costs (* †)	203 USD	1,498 USD
Annual cost impact (** †)	2.0%	2.1%

(*) Total cost illustrate the maximum amount that can be charged; the actual amount charged may be lower. Please refer to the Composition of costs table on the next page for additional details, and speak to your financial advisor for the actual charges which may be applicable to you.

(**) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 12.1% before costs and 10.0% after costs.

(†) The total costs each year does not take into consideration whether the Investment Manager has chosen to waive all or part of the fees that it is entitled to received, or to reimburse a Sub-Fund for other expenses for this share class to reduce the impact of such fees and expenses. In such a case, the Investment Manager will reimburse the Fund the amount of the fee waiver or expense reimbursement to the Sub-Fund, and consequently, the total costs will be lower. Please see the Fund's annual and semi-annual reports for the actual total expense ratio applied to this share class.

Composition of costs

One-off costs upon entry or exit		If you exit after 1 year
Entry costs	We do not charge an entry fee for this share class.	0 USD
Exit costs	We do not charge an exit fee for this product, but the person selling you the product may do so.	0 USD
Ongoing costs taken each year		If you exit after 1 year
Management fees and other administrative or operating costs	1.0% is the impact of the costs that we take each year for managing your investments.	100 USD
Transaction costs	1.0% of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	103 USD
Incidental costs taken under specific conditions		If you exit after 1 year
Performance fees	There is no performance fee for this product.	0 USD

A conversion charge of up to 1% of the value of the shares to be converted may apply. This charge only applies if you convert the shares you hold into shares of another class of shares in the Sub-Fund or in another sub-fund of the Fund.

How long should I hold it and can I take money out early?**Recommended holding period: 5 years**

The Sub-Fund is designed to be held over the medium term and we recommend that you hold this investment for at least 5 years. We have selected the recommended holding period of 5 years to align your shareholding with the medium to long-term nature of the investments and the assumption that the portfolio will achieve optimized return over the medium to long-term.

You can request to take out some or all of your money at any time on any business day (as set out in the Fund's prospectus). You can request to buy or sell shares in the Sub-Fund on any business day (as set out in the Fund's prospectus).

If you cash in at an early stage this will increase the risk of lower investment returns or a loss.

How can I complain?

If you have any complaints about the product, the conduct of the PRIIP Manufacturer or the person selling or advising on the product, complaints can be lodged via the following methods:

i. Phone: +352 474 066 7133

ii. E-mail: matthewsasiasfunds@bbh.com

iii. Mail: Complaints Officer, Matthews Asia Funds Transfer Agency, Brown Brothers Harriman (Luxembourg) S.C.A. 80, Route d'Esch, L-1470 Luxembourg

Further information about our complaints handling can be found at global.matthewsasiasia.com/resources/support/contact-us/.
