## Goal

To provide long-term capital appreciation primarily through exposure to a select portfolio of equity securities of global issuers listed on stock exchanges which meet our responsible, environmental, social and governance (ESG) principles.

## Investment strategy

Russell Investments ESG Global Equity Pool (The Fund) invests primarily in shares of global companies, using the following styles: quality, value and growth with an emphasis on the quality and value styles.

## Performance review<sup>3</sup>

	1 month	3 months	6 months	Year to date	1 year	3 years	5 years	10 years	Since inception
Series F	3.48%	10.49%	18.86%	10.49%	23.59%	9.93%	11.15%	-	10.40%

## Annual returns<sup>3</sup>

<sup>3</sup> All Performance shown is for Series F. Series F is a wrap or fee-for-service program and as such, the performance shown does not include the advisory fee paid by the investor to the dealer that would have reduced returns. Series F management fees are lower than Series B. Annual returns are calendar year returns for the last ten years or since inception if the Fund has less than ten years of history. Performance is annualized except for periods of less than one year.

<sup>6</sup> As of March 31, 2023. Management expense ratio (MER) is based on total expenses (excluding commissions and other portfolio transaction costs) for the stated period and is expressed as an annualized percentage of daily average net asset value during the period.

<sup>7</sup> Reflects the annual rate at which dividends are being paid. It is the weighted average of each stock's annual dividend rate (including any one time special dividends) divided by the price of the stock as of February 29, 2024. Investment management fees, expenses and taxes are not included in this calculation that would have decreased the yield shown. Dividend yields can change based on the performance of underlying stocks.

\*Std. dev. = standard deviation. For definition of terms please visit <https://russellinvestments.com/ca/glossary-of-terms>.

\*\*Liquidity Reserve is a cash account that supports day to day cash flow and may be overlaid with derivatives to provide market exposure in order to manage the risk profile of the Fund.

## Important Information

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. The indicated rates of returns are the historical annual compounded total returns including changes in unit/share value and reinvestment of all dividends or distributions and does not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual Funds are not guaranteed, their values change frequently and past performance may not be repeated.

All rates of return shown are for periods ending March 31, 2024. Rates of return shown for less than one year are not annualized. All other data shown is as of March 31, 2024 with exception of Ten largest holdings, Holdings by sector, Credit quality breakdown, Allocation by maturity, Regional allocations, Number of holdings, Effective duration and Yield to maturity, which are as of February 29, 2024. Holdings may differ from a fund's holdings in its annual financial statements.

As with all mutual funds, investment in this mutual fund contains risks that may make it unsuitable for investors, depending on their investment objectives and risk tolerance. If the fund does not perform as intended, an investor may experience a loss of part or all of their principal invested. Please read the prospectus of this fund for a detailed description of the risks involved in this investment. Diversification and strategic asset allocation do not assure a profit or protect against loss in declining markets.
