This does not include liquidity reserves managed directly by Russell Investments, which may constitute 5% or more of Fund assets at any given time.

	Role	Target allocation	Year assigned
Cohen & Steers Capital Management, Inc.**‡	Global Market-Oriented	40.0%	2007

Russell Investment Management, LLC (RIM)*	Positioning Strategies	10.0%	2013

Money Managers listed are current as of September 30, 2019. Subject to the Fund's Board approval, Russell Investment Management, LLC has the right to engage or terminate a money manager at any time and without a shareholder vote, based on an exemptive order from the Securities and Exchange Commission. Investments in the Funds are not deposits with or other liabilities of any of the money managers and are subject to investment risk, including loss of income and principal invested and possible delays in payment or redemption proceeds. The money managers do not guarantee the performance of any Fund or any particular rate of return.

While the investment styles employed by the money managers are intended to be complementary, they may not in fact be complementary. A multi-manager approach could result in more exposure to certain types of securities and higher portfolio turnover.

Specific sector investing such as real estate can be subject to different and greater risks than more diversified investments. Declines in the value of real estate, economic conditions, property taxes, tax laws and interest rates all present potential risks to real estate investments. Fund investments in Non-U.S. markets can involve risks of currency fluctuations, political and economic instability, different accounting standards and foreign taxation.

** Cohen & Steers Capital Management, Inc. refers to Cohen & Steers Capital Management, Inc. (New York, NY), Cohen & Steers UK Limited (London, UK) and Cohen & Steers Asia Limited (Central Hong Kong).

† The Net Annual Operating Expense Ratio may be less than the Total Operating Expense Ratio and represents the actual expenses expected to be borne by shareholders after application of: (a) a contractual transfer agency fee or advisory fee waiver through February 29, 2020; These contractual agreements may not be terminated during the relevant periods except at the Board of Trustee's discretion. Details of these agreements are in the current prospectus. Absent these reductions, the fund's return would have been lower.

*RIM manages this portion of the Fund's assets to effect the Fund's investment strategies and/or to actively manage the Fund's overall exposures. Positioning strategies are used to seek excess return and manage portfolio risks by targeting specific exposures. These strategies are used in conjunction with allocations to third-party managers to fully reflect Russell Investments' strategic and dynamic views with integrated liquidity and risk management.

*** RREEF America L.L.C. refers to RREEF America L.L.C. (Chicago, IL), Deutsche Investments Australia Limited (Sydney, Australia) and Deutsche Alternatives Asset Management (Global) Limited (London, UK)

‡This money manager is a non-discretionary manager. Russell Investment Management, LLC (RIM) manages this portion of the fund's assets based upon a model portfolio provided by the money manager.

The Fund offers other classes of shares with higher fees and expenses. These other classes may charge up to a 0.75% distribution fee and a 0.25% shareholder servicing fee which will result in a higher expense ratio and lower performance than that shown above. For a full description of other available classes, please see the prospectus.
