¹May not add to 100% due to rounding.

Goal

To provide the maximum current income that is consistent with preservation of capital and liquidity by investing primarily in Canadian money market securities.

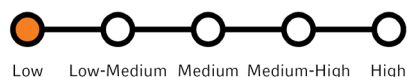

Investment strategy

Russell Investments Money Market Pool (The Fund) invests in Canadian money market securities of government issuers based on their outlook for short-term interest rates. The Fund can also invest up to 15% of its portfolio in Canadian bank debt with a maturity of five (5) business days or less.

Performance review²

	1 month	3 months	6 months	Year to date	1 year	3 years	5 years	10 years	Since inception
Series B	0.33%	1.12%	2.25%	1.47%	4.15%	2.16%	1.47%	1.08%	1.43%

Annual returns²

² All Performance shown are only for Series B and are net of fees and expenses. Annual returns are calendar year returns for the last ten years or since inception if the Fund has less than ten years of history. Performance is annualized except for periods of less than one year.

*Switches Only

³ As of March 31, 2023. Management expense ratio (MER) is based on total expenses (excluding commissions and other portfolio transaction costs) for the stated period and is expressed as an annualized percentage of daily average net asset value during the period. The MER does not reflect the November 1, 2023 management fee decrease of 25 basis points.

⁴ The Current Yield is an annualized historical yield based on the seven-day period ended on March 31, 2024 and does not represent an actual one-year return.

⁵ Effective Yield is an annualized historical yield based on the seven-day period ended on March 31, 2024 annualized by compounding the seven-day return and does not represent an actual one-year return.

*Std. dev. = standard deviation. For definition of terms please visit <https://russellinvestments.com/ca/glossary-of-terms>.

Important Information

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. The performance data provided assumes unit/share value and reinvestment of all dividends or distributions and does not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual fund securities are not covered by the Canada Deposit Insurance Corporation or by any other government deposit insurer. There can be no assurances that the fund will be able to maintain its net asset value per security at a constant amount or that the full amount of your investment in the fund will be returned to you. Past performance may not be repeated. All rates of return shown are for periods ending April 30, 2024. Rates of return shown for less than one year are not annualized. All other data shown is as of April 30, 2024 with exception of Number of holdings and Average term to maturity, which are as of March 31, 2024. Holdings may differ from a fund's holdings in its annual financial statements.

As with all mutual funds, investment in this mutual fund contains risks that may make it unsuitable for investors, depending on their investment objectives and risk tolerance. If the fund does not perform as intended, an investor may experience a loss of part or all of their principal invested. Please read the prospectus of this fund for a detailed description of the risks involved in this investment.

Diversification and strategic asset allocation do not assure a profit or protect against loss in declining markets.
