Important Information

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus before investing. The indicated rates of returns are the historical annual compounded total returns including changes in unit value and reinvestment of all distributions and does not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual Funds are not guaranteed, their values change frequently and past performance may not be repeated.

All rates of return shown are for periods ending April 30, 2019. Rates of return shown for less than one year are not annualized. All other data shown is as of April 30, 2019, with exception of Ten largest holdings, Holdings by sector, Credit quality breakdown, Allocation by maturity, Regional allocations, Number of holdings, Effective duration and Yield to maturity, which are as of March 31, 2019.

⁶ The expected rate of return on a bond if it is held until maturity based on its current market price. It is not a measure of historical yield or the income received by an investor. Investment management fees, expenses and taxes are not included in this calculation that would have decreased the yield shown.
