

FUND FACTSHEET

# MA BLENDED INTERMEDIATE FUND

S Inc GBP Class

Covering the month of December 2024

## THE FUND

The Fund seeks to achieve capital growth and income with a median level of volatility. The underlying funds in the portfolio invest globally (including in emerging markets) across asset classes and financial instruments. The underlying funds will be a blend of active and passive funds. The Fund typically has a balanced exposure to higher risk assets and lower risk assets compared to other funds in the Liontrust MA Blended Funds range that have a higher or lower risk profile.

## INVESTOR NOTIFICATION

There are two ways in which Liontrust and other asset managers show the costs of funds: the UCITS Ongoing Costs Figure and the MiFID Ongoing Cost. From 1 February 2025, the MiFID Ongoing Cost displayed for this Liontrust Fund will exclude the costs of UK-listed closed-ended investment funds listed on a UK regulated market. For explanations of the fund charges, please visit the Costs and Charges page on the Liontrust website: [Costs and charges | Liontrust Asset Management PLC](#).

<sup>1</sup>The Ongoing Charges Figure (OCF) covers all aspects of operating a fund during the course of its financial year. These include the annual charge for managing the fund, administration and independent oversight functions, such as trustee, depository, custody, legal and audit fees and the ongoing costs of underlying investments including open and closed ended collective investment schemes. The OCF excludes portfolio transaction costs except for an entry/exit charge paid by the Fund when buying or selling units in another fund. This will have an impact on the realisable value of the investment, particularly in the short term. <sup>\*\*</sup>These are the annual costs of running and managing the Fund. There is currently no charge for switching funds, however the number of switches is limited to a max of one per calendar month.

## KEY RISKS

Past performance does not predict future returns. You may get back less than you originally invested. We recommend this fund is held long term (minimum period of 5 years). We recommend that you hold this fund as part of a diversified portfolio of investments.

**Credit Risk:** There is a risk that an investment will fail to make required payments and this may reduce the income paid to the fund, or its capital value; **Counterparty Risk:** The insolvency of any institutions providing services such as safekeeping of assets or acting as counterparty to derivatives or other instruments, may expose the Fund to financial loss; **Liquidity Risk:** If underlying funds suspend or defer the payment of redemption proceeds, the Fund's ability to meet redemption requests may also be affected;

**Interest Rate Risk:** Fluctuations in interest rates may affect the value of the Fund and your investment; **Derivatives Risk:** Some of the underlying funds may invest in derivatives, which can, in some circumstances, create wider fluctuations in their prices over time; **Emerging Markets:** The Fund may invest in less economically developed markets (emerging markets) which can involve greater risks than well developed economies; **Currency Risk:** The Fund invests in overseas markets and the value of the Fund may fall or rise as a result of changes in exchange rates. **Index Tracking Risk:** The performance of any passive funds used may not exactly track that of their Indices.
