Global Real Estate Securities Fund (continued)

Target allocation of fund assets

The percentages below represent the target allocation of the Fund's assets to each money manager's strategy and Russell Investment Management, LLC (RIM) strategy. This does not include liquidity reserves managed directly by Russell Investments, which may constitute 5% or more of Fund assets at any given time.

	Role	Target allocation	Year assigned
Cohen & Steers Capital Management, Inc.**‡	Global Market-Oriented	43.0%	2007
RREEF America L.L.C.***‡	Global Market-Oriented	47.0%	2016
Russell Investment Management, LLC (RIM)*	Positioning Strategies and Cash Reserves	10.0%	2013

Money Managers listed are current as of December 31, 2023. Subject to the Fund's Board approval, Russell Investment Management, LLC has the right to engage or terminate a money manager at any time and without a shareholder vote, based on an exemptive order from the Securities and Exchange Commission. Investments in the Funds are not deposits with or other liabilities of any of the money managers and are subject to investment risk, including loss of income and principal invested and possible delays in payment or redemption proceeds. The money managers do not guarantee the performance of any Fund or any particular rate of return.

While the investment styles employed by the money managers are intended to be complementary, they may not in fact be complementary. A multi-manager approach could result in more exposure to certain types of securities and higher portfolio turnover.

Specific sector investing such as real estate can be subject to different and greater risks than more diversified investments. Declines in the value of real estate, economic conditions, property taxes, tax laws and interest rates all present potential risks to real estate investments. Fund investments in Non-U.S. markets can involve risks of currency fluctuations, political and economic instability, different accounting standards and foreign taxation.

** Cohen & Steers Capital Management, Inc. refers to Cohen & Steers Capital Management, Inc., Cohen & Steers UK Limited, and Cohen & Steers Asia Limited.

‡ The Net Annual Operating Expense Ratio may be less than the Total Operating Expense Ratio and represents the actual expenses expected to be borne by shareholders after application of: (a) a contractual transfer agency fee or advisory fee waiver through February 28, 2023; These contractual agreements may not be terminated during the relevant periods except at the Board of Trustee's discretion. Details of these agreements are in the current prospectus. Absent these reductions, the fund's return would have been lower.

The Fund first issued Class T Shares on March 17, 2017. The returns shown for Class M Shares prior to that date are the returns of the Fund's Class S Shares. Effective September 15th, 2017, Class T Shares were redesignated as Class M Shares.

*RIM manages Fund assets not allocated to money manager strategies and utilizes quantitative and/or rules-based processes and qualitative analysis to assess Fund characteristics and invest in securities and instruments which provide the desired exposures. This includes the Fund's positioning strategy, which is used to seek excess return and manage portfolio risks by targeting specific exposures, and the active tax management strategy that is implemented across the entire fund. These strategies are used in conjunction with allocations to third-party managers to fully reflect Russell Investments' strategic and dynamic views with integrated liquidity and risk management.

*** RREEF America L.L.C. refers to RREEF America L.L.C. (Chicago, IL), Deutsche Investments Australia Limited (Sydney, Australia) and Deutsche Alternatives Asset Management (Global) Limited (London, UK)

‡This money manager is a non-discretionary manager. Russell Investment Management, LLC (RIM) manages this portion of the fund's assets based upon a model portfolio provided by the money manager.

The Fund offers other classes of shares with higher fees and expenses. These other classes may charge up to a 0.75% distribution fee and a 0.25% shareholder servicing fee which will result in a higher expense ratio and lower performance than that shown above. For a full description of other available classes, please see the prospectus.
