

Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

Putnam Securitised Credit Fund

Class S Units IE00BYPB5552

A sub-fund of Putnam World Trust (the "Trust"), managed by Putnam Investments (Ireland) Limited (the "Manager")

Objectives and investment policy

The Fund aims to achieve an average annual total return, gross of fees, that exceeds the 1 Month USD LIBOR (100% hedged to and reported in the relevant currency of the unit class, where applicable) by 3.0 - 5.0%, as measured over a full market cycle. The Fund is actively managed in reference to LIBOR.

The Fund's investments may include securitised debt instruments such as commercial and residential mortgage-backed securities and asset-backed securities, obligations of the U.S. government, its agencies and instrumentalities, which are backed by the full faith and credit of the United States (e.g., U.S. Treasury bonds and Ginnie Mae mortgage-backed bonds) or by only the credit of a federal agency or government-sponsored entity (e.g., Fannie Mae or Freddie Mac mortgage-backed bonds), collateralised mortgage obligations (including interest only, principal only, and other prepayment derivatives), collateralised debt obligations, U.S. and non-U.S. corporate debt obligations, to be announced securities ("TBAs") (forward delivery contracts for mortgage-backed securities) and taxable municipal debt securities. The Fund may also invest in lower-rated, higher-yielding mortgage-backed securities, including non-agency commercial mortgage-backed securities and residential mortgage-backed securities (which may be backed by non-qualified or "sub-prime" mortgages). Non-agency (i.e., privately issued) securities typically are lower-rated and higher yielding than securities issued or backed by agencies such as Ginnie Mae, Fannie Mae or Freddie Mac. The Fund may also invest in non-U.S. securities of the above types, including securities denominated in currencies other than the U.S. dollar.

Risk and reward profile

The risk category highlighted above is based on historical data measuring the average fluctuations in the value of the Fund's assets over the past five years. If your Class of the Fund has not existed for five years, the older data has been simulated.

The Fund's risk category is not a target or a guarantee and it may change over time; it may not be a reliable indicator of the Fund's future risk and reward profile.

These categories rate how a fund might behave and how much risk there may be to the capital you have invested. Category 1 does not indicate a risk-free investment. It indicates that the risk of losing money is small, but the potential of higher gains is limited. With a Category 7 fund, the risk of losing money is higher but there is greater potential for gain.

The securities in which the Fund invests, as outlined in the section above, may fluctuate in value, and the more they do so, the higher the risk category. The Fund's risk category reflects the amount of price volatility experienced over the past five years by the types of securities it invests in.

The Fund's risk category may not adequately reflect the following risks of investing in the Fund:

- **Focused Investment Risk** (focusing on a limited number of

Such debt and debt-related securities may be fixed or floating rate and may be issued or guaranteed by any sovereign government or their agencies, local authority, supranational or public international bodies, banks, corporates, special purpose vehicles, or other commercial issuers. Such securities may be of investment-grade or below-investment-grade quality, at time of purchase, as determined by an internationally recognised rating service such as Moody's Investor Services, Inc. or Standard & Poor's Rating Group.

The Fund may use derivatives, including futures, forwards, options, swaps, and mortgage-related derivatives, for investment purposes or to hedge against risk. The Fund may also use forward foreign exchange contracts or other currency derivatives for managing and hedging the Fund's exposure to changes in currency exchange rates.

The Fund may use repurchase agreements or reverse repurchase agreements (the exchange of a security for an agreement to repurchase (or resell, if reverse) the security at a fixed future date and price) to generate additional income for the Fund or for efficient portfolio management purposes.

Distributions, if any, will be made at least semi-annually out of the Fund's net income and will be reinvested in additional units of the Fund.

Units can be bought or sold on any day that is a business day in Ireland and the U.S.

Recommendation: The Fund may not be appropriate for investors who plan to withdraw their money within 5 years.

issuers, sectors, industries or geographic regions increases risk and volatility)

- **Credit Risk / Counterparty Risk** (fixed income (debt) securities, particularly high-yield bonds, are subject to greater levels of credit and liquidity risk, may be speculative and may decline in value due to changes in an issuer's or counterparty's deterioration or default)
- **Liquidity Risk** (the lack of an active market for investments may cause delay in buying/selling or force a sale below fair value)
- **Management Risk** (returns may be affected by investment decisions and techniques of the Fund's management)
- **Derivatives Risk** (derivative instruments are complex, have different characteristics than their underlying assets and are subject to additional risks, including leverage, liquidity and valuation; derivatives may result in gains or losses that are greater than the original amount invested)

For more information about the Fund's risks, see the "Risk Factors and Special Considerations" section in the Prospectus, which is available at www.putnam.com/ucits

Charges

These charges are used to pay the costs of operating the Fund, including the costs of marketing and selling. Overall, they reduce the potential growth of your investment.

One-off charges taken before or after you invest

Entry charge	None
Exit charge	None

This is the maximum that might be taken out of your money before it is invested or before the proceeds of your investment are paid out.

Charges taken from the Fund over a year

Ongoing charge	0.70%
----------------	-------

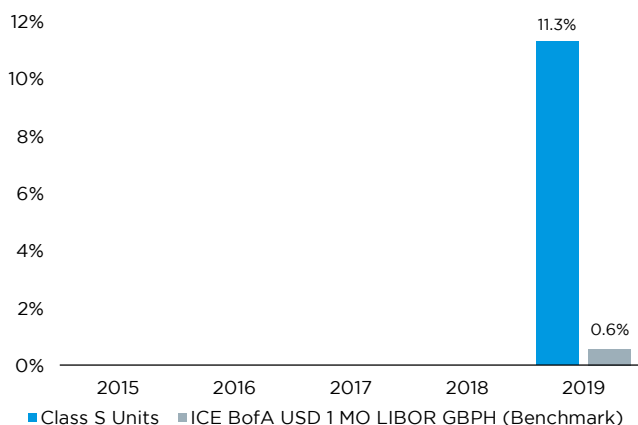

Charges taken from the Fund under certain specific conditions

Performance fee	None
-----------------	------

- The **entry** and **exit charges** shown are maximum figures. In some cases you might pay less. Please consult your financial advisor or the distributor for your actual charges.
- The **ongoing charges** figure is based on expenses for the twelve months ended December 2019. This figure may vary from year to year. It excludes portfolio transaction costs, except in the case of an entry/exit charge paid by the Fund when buying or selling units in another collective investment undertaking.
- An anti-dilution levy may be imposed where it is determined that a large purchase, sale or switching of Fund units is causing dilution of the Fund's value.

For more information about charges, please see the "Management and Trust Charges - General" section in the Prospectus, which is available at www.putnam.com/ucits

Past performance

- Performance in the past is not a reliable indicator of future results.
- These figures show by how much the Fund increased or decreased in value during each year.
- Although the Fund measures its performance against the benchmark, it is not an index tracker.
- The past performance shown does not take into account any entry or exit charges but does take into account the ongoing charge noted above.
- The Fund was launched on 25 June 2018. This Class started to issue units on 11 July 2018.
- Past performance has been calculated in British pounds sterling.

Practical information

- The Depositary of the Fund is State Street Custodial Services (Ireland) Limited.
- You can obtain details regarding the Manager's remuneration policy along with further information about the Fund and Trust, copies of its Prospectus, latest annual report and semi-annual report in English and certain other languages free of charge at the registered office of Putnam Investments (Ireland) Limited, 1 North Wall Quay, Dublin 1, Ireland or by visiting www.putnam.com/ucits.
- Unit prices for the Fund are calculated and made available on each business day as defined in the Prospectus. Unit prices are available from the Administrator during normal business hours and at www.putnam.com/ucits.
- The Fund is subject to tax laws and regulations of Ireland. Depending on your home country of residence, this might have an impact on your personal tax position. For further details, please speak to your tax advisor.
- This document describes a unit class of a sub-fund of the Trust, which is an umbrella fund, and the Prospectus and periodic reports are prepared for the entire umbrella. The assets and liabilities of this Fund are segregated from other sub-funds in the umbrella, subject to the provisions of Irish law. You may switch between certain other sub-funds of the Trust. Please refer

- to the "Switching" section in the Prospectus for full details of how to switch.
- Units other than Class S Units may be offered by the Fund as set out in the Prospectus.
- Putnam Investments (Ireland) Limited may be held liable solely on the basis of any statement contained in this document that is misleading, inaccurate or inconsistent with the relevant parts of the Prospectus for the Fund.
- The unit class presented in this Key Investor Information Document serves as a representative for Class E, Class I, Class NK, and Class SK Units. Investors can obtain information about the represented unit class in the Prospectus.

This Fund is authorised in Ireland and regulated by the Central Bank of Ireland.
